As a director of Englebert, I can confirm that we have been validly appointed by Kwiikpay sp z.o.o. with company registration number 0001074323 to provide approval of cryptoasset financial promotions in the UK.

As part of our role, we have reviewed Kwiikpay's back-end frictions against the conditions required by COBS 4.12A.18R (cooling off period), COBS 4.12A.20R (personalised risk warning), COBS 4.12A.21R (categorisation) and COBS 4.12A.28R (appropriateness) and we are satisfied that they meet the expectations of the FCA.
